

We are making a change:

During these uncertain and trying times, the one thing that seems to be certain is CHANGE.

The Covid-19 Pandemic has created an opportunity for us as a Parish to look at new ways of communicating with our parishioners. We have learned to livestream daily Masses and record our weekend Masses. Most recently, we have found a more effective way to communicate through email and text with our parishioners by using Flocknote.

Flocknote is a text messaging email tool that is created for churches and other community organizations. It will allow us, as a Parish, to better communicate with you (our parishioners). We will be using this new format for our email “blasts”, so we encourage you to sign up and check it out. There is no cost for you associated with signing up.
